12.5 Popular Economics Writing and Commentary

I have written hundreds of shorter economic articles and commentaries in a range of

outlets, including major newspapers, specialist magazines, electronic media, blogs, and other platforms.

Since 2000 I have been a regular economics columnist for the *Globe and Mail* newspaper, Canada's most prominent daily newspaper. I have written economic commentary articles for numerous other newspapers, including the *Financial Times*, *New York Post*, *National Post*, *Ottawa Citizen*, and *Toronto Star*.

I am regularly sought for economic comment by mainstream print and broadcast media in Canada and internationally.

I appear regularly on broadcast media to discuss economic issues. For example, since 2007 I have been a regular member of the "Bottom Line" economics panel, which appears regularly as part of the flagship national news program on CBC television's *The National* (Canada's most-watched news program).

I am an active and effective participant in social media. My Twitter and Facebook accounts (@jimbostanford and Jimbo Stanford) have over 15,000 followers combined.

I contribute economic commentary to a variety of on-line platforms, including the *Progressive Economics Forum* and *Real World Economics Review* blog sites.
